

| MARGOT BURNS

ARTIST STATEMENT

Margot Burns is a local fine art photographer specialising in digital images. Her passion is always to reveal the hidden beauties within reality, in which the impossible becomes possible - A true reality. Using everyday objects, she reveals this truth by representing the subject in a new and different form, a hidden beauty revealed and a truth uncovered. Inspired by nature and colour, her images are intended to attract the eye and capture the soul, and stimulate the imagination to which there is no end.
